Tabinet furniture storage solutions accommodate either 10 or 20 tablets. They come complete with a separate, fully managed charging section, this brings 2 major benefits -

- every product (regardless of manufacturer or model) receives the perfect charging profile.
- separately secured so only technicians can access the charging section of the unit. There's also built-in ventilation, allowing air to circulate around the devices, ensuring that there is no heat build-up within the cabinet itself.
