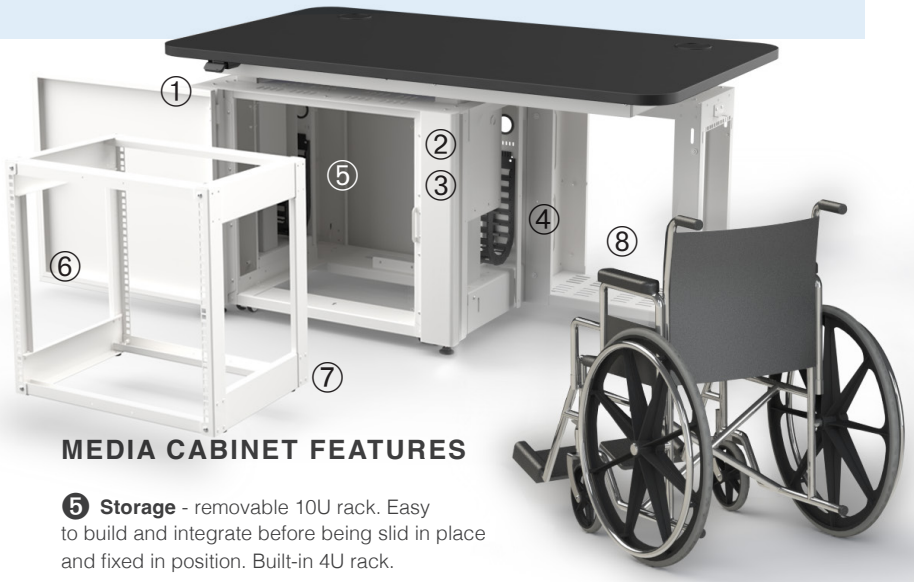
## FEATURES

**1 Electric height adjustment and safety** - 300mm of almost silent, smooth vertical travel from 725 to 1025mm with an anti-collision safety feature. 500mm clearance under the desk for wheelchair users

**2 Future proof** - the highly durable metal construction that doesn't mark or dent easily. With universal handing allowing for re-use or alteration in future.

**3 Modular construction** - designed to allow for the easy removal of side panels (fixed from inside) as well as lockable front and rear panels - ideal for installing and servicing equipment.

**4 Built-in cable management** - tracking keeps all of your cables neat and tidy, preventing any snags during height adjustment.



## MEDIA CABINET FEATURES

**5 Storage** - removable 10U rack. Easy to build and integrate before being slid in place and fixed in position. Built-in 4U rack.

**6 Highly secure** - all steel construction with lockable front and rear doors.

**7 Maintenance access** - removable rack side panels when in-situ.

**8 Ventilation** - design features a number of ventilation apertures within the cabinet and surrounding structure, allowing air to flow in/out. Optional fans for extreme heat.

**Solutions that don't cost the earth**

Reduced waste and emissions by 20% per year, for over 8 years.
